May's Lane Street Art Project Exhibit

March 7th, 2009 · No Comments

The photo above (counter clockwise): Caines, Chor Boogie, Bunkwaa, Cadillac, Berty

If you are in Sydney, you cannot miss the event curated by Tugi Balog. Tugi and his team run [The May's Lane Street Art Project](#), which is an outdoor gallery space located in St Paters in Sydney's inner west. Each month, several artists are invited to use the entire space as their canvas. The artwork is archived by Tugi and his team, creating a unique historical treasure trove of original Sydney street art.

Among the artists featured in this show is also Chor Boogie who was [invited to create art](#) on this street last year. You can view the work being created in this [short movie](#).

The show opens on **March 25** and runs throughout the [Platform 2 Hip Hop Festival](#) until April 6. For the location and all details view [the official flyer](#).
